

## **ESO Telestroke Committee – Annual Report 2015**

*Thierry Moulin, Chair*

---

### **Members:**

- Founders: Thierry Moulin (chair), Heinrich Audebert (co-chair), Urike Andreassen, Lars Marquardt, Peter Müller-Barna, Philip Siebel, Turgut Tatlisumak, Benjamin Bouamra, Charlotte Cordonnier, Gordian Hubert, Elisabeth Medeiros de Bustos.
- New members 2015: Geert Vanhooren, Andrey Alasheev, Nicolas Voelkel, Francesco Corea
- New members 2016: Sonia Abilleira, Gustavo C Santo

### **Actions 2015/16**

- Data on the development of telestroke networks in Europe: on-going
- Data collection, analysis and management (B. Bouamra & team)
- First draft report: writing in progress despite delay (all members involved)
- Quality certification and promotion of telestroke units/networks: on-going
- Abstracting quality criteria (G. Hubert)
- Subcommittee then to work on developing the quality criteria
- Subcommittee to lobby the ESO on helping to promote telestroke units/network
- Research concerning the implementation of a clinical protocol by telestroke: to be continued?
- Possibility of designing the protocol based on the objectives as described in the ATACH II study
- The questionnaire will comprise 5 questions concerning the ethical problems that may arise during the implementation of the protocol
- Joint research with the APSO and the WSO concerning the gathering of information on telestroke networks: probably to be cancelled?
- Action on-going but no responses of C Anderson (from the APSO)
