Monday, 11 September 2017

08.45 - 09.00

Welcome

09.00 – 10.40

Parallel courses

- 1. Simulation course I**
TBA
- 2. Simulation course II**
TBA
- 3. Hands-on training seminar on endovascular thrombectomy**
TBA
- 4. Hands-on training seminar on ultrasound**
TBA

10.40 – 11.00

Coffee break

11.00 – 13.00

Parallel courses (continued)

13.00 – 14.00

Lunch

14.00 – 16.00

Parallel courses (continued)

16.00 – 16.20

Coffee break

16.20 – 18.00

Parallel courses (continued)

In cooperation with:

Department of Medicine and Research
Laboratory of Internal Medicine,
University of Medical Thessaly School,
Larissa Greece

Hellenic Stroke Organization

Tuesday, 12 September 2017

09.00 – 09.20	Migraine and stroke TBA
09.20 – 09.40	CNS vasculitis and other rare causes of stroke TBA
09.40 – 10.00	Fabry disease, CADASIL and other genetic causes of stroke TBA
10.00 – 10.20	Stroke in the young TBA
10.20 – 10.40	Stroke mimics TBA
<i>10.40 – 11.10</i>	<i>Coffee break</i>
11.10 – 11.30	Carotid endarterectomy for symptomatic carotid stenosis TBA
11.30 – 11.50	Carotid stenting for symptomatic carotid stenosis TBA
11.50 – 12.10	Asymptomatic carotid stenosis and cerebrovascular risk stratification TBA
12.10 – 12.30	Clipping or coiling for ruptured intracranial aneurysms? TBA
12.30 – 12.50	Unruptured AVMs TBA
12.50 - 13.10	Blood pressure goals for stroke prevention TBA
<i>13.10 – 14.10</i>	<i>Lunch</i>

In cooperation with:

Department of Medicine and Research
Laboratory of Internal Medicine,
University of Medical Thessaly School,
Larissa Greece

Hellenic Stroke Organization

- 14.10 – 14.30 **Strategies for AF detection in cryptogenic stroke; how much of AF is clinically important?**
TBA
- 14.30 – 14.50 **Practical guide for the use of non-vitamin-K antagonist oral anticoagulants in daily practice**
TBA
- 14.50 – 15.10 **Left atrial appendage occlusion & catheter ablation for stroke prevention in atrial fibrillation: for which patients?**
TBA
- 15.10 – 15.30 **Anticoagulation after atrial-fibrillation--related ischemic stroke and after anticoagulant-related intracerebral haemorrhage**
TBA
- 15.30 – 16.00 **Coffee break***
- 16.00 – 16.20 **Cerebral microbleeds: a road map for detection and management in clinical practice**
TBA
- 16.20 – 16.40 **Closure of patent foramen ovale in cryptogenic stroke**
TBA
- 16.40 – 17.00 **Clinical application of stroke genetics**
TBA
- 17.00 – 17.20 **Embolic stroke of undetermined source**
TBA
- 17.20 – 17.40 **Statins and PCSK9 inhibitors for stroke prevention**
TBA

In cooperation with:

Department of Medicine and Research
Laboratory of Internal Medicine,
University of Medical Thessaly School,
Larissa Greece

Hellenic Stroke Organization

Wednesday, 13 September 2017

09.00 – 09.20	Women and stroke TBA
09.20 – 09.40	General management in acute stroke TBA
09.40 – 10.00	Prophylactic antibiotics in acute stroke TBA
10.00 – 10.20	A practical guide to intravenous thrombolysis: how, when and to whom? TBA
10.20 – 10.40	Reducing in-hospital delays TBA
10.40 – 11.00	Sonothrombolysis: where do we stand at the moment? TBA
<i>11.00 – 11.30</i>	<i>Coffee break</i>
11.30 – 11.50	Endovascular thrombectomy: a journey from expert opinion to 1A TBA
11.50 – 12.10	Organization of stroke in the era of endovascular thrombectomy TBA
12.10 – 12.30	Organization of acute stroke care in Catalonia: The Stroke Program TBA
12.30 – 12.50	Cervical artery dissection: acute treatment and secondary prevention TBA
12.50 - 13.10	Treatment strategy for intracranial stenosis TBA
<i>13.10 – 14.10</i>	<i>Lunch</i>
14.10 – 14.30	Intracerebral haemorrhage: what is the cause? TBA

In cooperation with:

Department of Medicine and Research
Laboratory of Internal Medicine,
University of Medical Thessaly School,
Larissa Greece

Hellenic Stroke Organization

- 14.30 – 14.50 **Management of spontaneous intracerebral haemorrhage**
TBA
- 14.50 – 15.10 **Subarachnoidal haemorrhage: causes, diagnosis and management**
TBA
- 15.10 – 15.30 **How should we treat basilar artery occlusion?**
TBA
- 15.30 - 16.00* *Coffee break*
- 16.00 – 16.20 **Recanalization strategy for unknown-onset strokes**
TBA
- 16.20 – 16.40 **Recanalization strategies in anticoagulated patients with acute ischemic stroke**
TBA
- 16.40 – 17.00 **Telestroke & prehospital thrombolysis**
TBA

In cooperation with:

Department of Medicine and Research
Laboratory of Internal Medicine,
University of Medical Thessaly School,
Larissa Greece

Hellenic Stroke Organization

Thursday, 14 September 2017

09.00 - 09.20	ESO Stroke units/centers TBA
09.20 – 09.40	How to design a clinical trial TBA
09.40 – 10.00	How to improve patient recruitment and retention in trials TBA
10.00 – 10.20	Conflicts of Interest - how should we deal with them? TBA
10.00 – 10.20	ESO, the first decade: a glimpse in the past and the future TBA
10.20 - 10.40	Stroke education and training in Europe TBA
<i>10.40 – 11.00</i>	<i>Coffee break</i>
11.00 - 13.00	ESO Guidelines workshop TBA
<i>13.00 – 14.00</i>	<i>Lunch</i>
14.00 – 16.00	ESO Guidelines workshop (continued)
16.10 – 16.30	<i>Coffee break</i>
16.30 – 18.00	ESO Guidelines workshop (continued)

In cooperation with:

Department of Medicine and Research
Laboratory of Internal Medicine,
University of Medical Thessaly School,
Larissa Greece

Hellenic Stroke Organization

Friday, 15 September 2017

09.00 – 12.00

ESO Guidelines workshop (continued)

12.00

Farewell
