

List of courses and other resources for investigators of stroke research

ESO Trials Network Committee

1 Introduction

This is a list of i) courses and ii) other resources which can be of help for investigators of clinical stroke research.

2 ESO Master Programme (The Danube University, Krems)

URL: <http://www.eso-stroke.org/eso-stroke/eso-activities/master-programme.html>

3 MSc Clinical Trials by Online Learning (University of Edinburgh)

URL: <http://www.ed.ac.uk/schools-departments/molecular-clinical-medicine/clinical-trials>

4 3rd International Clinical Trials Methodology Conference (Glasgow, November 16th-17th 2015)

URL: www.methodologyhubs.mrc.ac.uk

5 Online trial simulators: The FePASS project and the ICH trial simulator

The simulators estimate the proportion of patients who might be eligible for a hypothetical stroke study according to its inclusion and exclusion criteria.
