Report of the Membership Committee

(Chair: Thompson G. Robinson)

Goal:

- The ongoing goal is to increase member numbers up to 5,000.
- Membership growth is largely achieved by registering new members through conference attendance and acquiring more organisational members (↑ associate members).
- A secondary goal is to convert associate into full ESO membership.

Meetings:

- TCs: January, April and September 2019
- Face to Face: May 2019 at ESOC in Milan

Actions:

- Organisation of Meeting with the National Societies (Milan 2019)
- Creation of ESO Membership Leaflet
- Liaison with scientific committee on international speakers to support membership drive
- Video Blogs to support newsletter and ESOC 2020 membership drives
