Report of the ESO BRAIN and HEART Council

We had an on-site meeting on May 5th 2022 during the ESOC, an on-line meeting in September 2022 for the eSTEP project, and several mails for sharing activities.

- Maintain the relationship with ESC Stroke Board by assisting with the organization of joined sessions in both ESOC and ESC annual meetings.
- Educational project (collaboration with eSTEP): 2 parts:
 - Collaboration with the European Society of Neurosonology and Cerebral Hemodynamics to establish an educational program of basic echocardiography for neurologists
 - update the ESO Stroke collection on Heart & Brain
