- Robin Lemmens, Belgium
- Vijay Sharma, Singapore

Report of the ESO International Liaison Committee

- **Meetings**

On 16 June 2020, the Committee convened, via web, to plan the near future. During 2021, the Committee did not meet either in person due to COVID, or via web due to a lack of necessity. However, members did keep in contact regularly to discuss by email endorsement issues.

- **Requests for endorsement:**

Overall, 20 requests for endorsements were received in 2021. Of which, 3 were accepted immediately, as they dealt with recurrent annual meetings. Whereas, 2 requests were accepted after minor revisions to their programmes and scheduling for presenters. The remaining 15 were referred to the ILC Committee for approval. All 20 requests were accepted.
