- Nataliya Nekrasova, Ukraine
- Pushpendra Renjen, India

Report of the ESO Neurorehabilitation Committee

Agenda

- Membership updates
- Key Activities
 - Meetings
- Educational activities
- Challenges

2024 Members

- Till 2024 Chair - Geert Verheyden (outgoing chair)
- 2024 – 2028 chair – Raquel Neves (upcoming chair)
- Existing Members:
 - Christine Kruuse, Denmark
 - François Chollet, France
 - Janika Kõrv, Estonia
 - Lisa Shaw, UK
 - Nataliya Nekrasova, Ukraine
 - Pushpendra Renjen, India
- Exit Member – Jozef Opara (Poland) (didn't want to renew his membership and acknowledge to exit the committee)

Key Activities and Achievements

- 1 of the members has shown more interest in pharmacological trials (neuroplasticity).
- Created a WhatsApp group to facilitate communication and engagement.
- Created a Dropbox folder
- Meetings
 - 1 meeting in person during ESOC 2024
 - 3 virtual meetings held (June (to brief the Exec. Committee meeting), October and November)

Minutes of Meeting May 2024

- Discussed the existing activities and defining the priorities for Q3 and Q4.
- Briefed the members about the upcoming ideas and resources available to optimize the committee.
- Attendance:

#	1 - 2024
Date	17/5/2024
Location	Basel – Switzerland (ESOC 2024)
Attendance	Raquel Neves Janika Kory Christina Kruise Pushpendra Renjen
Absent	Nataliya Nekrasova François Chollet Jozef Opara Lisa Shaw

Minutes of Meeting June 2024

- To brief discuss the outcomes of the meeting with the ESO Executive Committee and get the ESO NeuroRehab committee members feedback and timeline:
 - ESOC 2025 Workshop proposal
 - To collect suggestion on how to increase ESOC attendees and engagement
 - To select the topics priority for 2024 – the committee agreed on the topics and requested to meet again after the summer break

Minutes of Meeting October 2024

- Discussed the existing topics list and decided to initiate at least 1 project:
 - Early rehabilitation in acute care – literature review – draft submitted to the committee for their feedback by end of October

- Attendance:

#	3 - 2024
Date	21/10/2024
Location	Virtual
Attendance	Janika Kory Raquel Neves (RN)
	Nataliya Nekrasova François Chollet Lisa Shaw Christina Kruuse Pushpendra Renjen

Minutes of Meeting November

- Early rehabilitation in acute care – literature review – draft discussed between the members – still further discussion is needed as the members have different opinions
- The committee has decided to meet in early Jan 2025 for further follow up due to the busy December schedule.
- Attendees:

#	4 - 2024
Date	19/11/2024
Location	Virtual
Attendance	Janika Kory Raquel Neves (RN) Lisa Shaw
	Nataliya Nekrasova François Chollet Christina Kruuse Pushpendra Renjen

Educational Activities

- Workshop proposal for ESOC 2025 submitted – “Transitional Care Pathway: Optimizing Continuity from Acute Stroke Management to Rehabilitation” – Not selected
- Engagement with WSO Stroke Exchange Forum during their in-person meeting at the World Stroke Congress 2024
- Submitted an article in collaboration with Prof. Catherine Elizabeth Lightbody and AHC team to BJNN – “Navigating the road to recovery”
- Participation in 16th Stroke Day Conference (WSDCON 2024) session – Robotics in Healthcare

2024 Challenges

- Members engagement
 - Despite efforts to optimize the committee's dynamics and workflow, external factors such as the summer holiday period and the end-of-year workload for members made achieving the expected participation and progress difficult.
- Adjust the committee dynamic to the existing pace of other projects that are ongoing and could be a good collaboration
