- Yasmin Aziz, USA

# Report of the ESO Young Stroke Physicians and Researchers Committee

- **ESO blog**

- Weekly posts during 2023, including:
  - Short and informal reviews on stroke related topics
  - Department to department visit reports
  - ESJ publication comments (simultaneous publication in collaboration with the ESJ editorial office)
  - ESO workshop and webinar reports
- Contributors: YSPR committee members and invited guest bloggers
- Wide attention in social media (ESO channels)
  - > *2024: New call for guest bloggers in Jan 2024 and continuation of the current format*

- **YSPR research workshop at ESOC 2023**

- 4 young stroke researchers presented their projects with the mentors
- Two talks on career development topics by Charlotte Cordonnier and Bob Siegerink
- 2 awards for the best candidates – place at the ESO summer school and ESO-Edinburgh Research Workshop
  - > *2024: Invited speakers for workshop: prof. al-Shahi Salman and prof. Ferro. Same format for the workshop*

# Report of the ESO Young Stroke Physicians and Researchers Committee

- **Department to Department visiting programme**
  - 10 grants (6 for middle-low income countries)
  - Task Force for Ukraine (TF4UKR) grants
  - Reports published for the ESO blog
  - > *2024 new programme (YSPR reviewers involved: Sarah Gorey / Ellis van Etten)*
- **ESO-Edinburgh Stroke Research Workshop**
  - Involvement of the YSPR committee (Tom Moullaali – until May 2023)
  - > *2024 new involved YSPR member to be appointed*
- **Collaboration with the ESO educational platform - eSTEP**
  - YSPR members of the editorial board (Barbara Casolla – until May 2023)
  - Participation in monthly educational webinars in collaboration with the Education committee
  - > *2024 new monthly educational webinars (YSPR members involved: Vojtech Novotny / Ellis van Etten)*

# Report of the ESO Young Stroke Physicians and Researchers Committee

- **Paper of the month task-force**

- Participation of the YSPR committee (Märit Jensen)
  - > *2024 continuation in current format*

- **ESJ – ESO YSPR peer-review training programme**

- ESJ reviewer programme
  - 11 selected candidates out of 140 applicants
  - Start Jan 2023
  - Roughly 27 reviews completed in 2023
    - > *2024: Evaluation of the programme in Feb 2024 to decide on the best way to proceed*
- Visual Abstracts for ESJ publications (YSPR members involved: Märit Jensen and Michele Romoli)
  - > *2024 continuation in current format*

# Aims for 2024 - 2026

- Discuss the possibilities to set up an **Early Career Research Grant**
  - This aims to support early career researchers to start a new research project
  - The research project has to improve stroke care in the EU (or low/middle income countries?)
  - Promote research collaboration between institutions?
